**wchester@parksideca.org**  
**Week #5, 9/26-30, 2011**

**Topics/Content/Skills:**

- Show understanding of kinetic molecular theory
- Understand and apply knowledge of the nature of gases in a lab

**Vocabulary/Key Terms/Formulas:**

- Kinetic molecular theory – an understanding of energy and movement as it applies to the various phases of matter

**Homework/Classwork: (All homework is due the next class day unless indicated.)**

	<b><u>In Class</u></b>	<b><u>Homework</u></b>
<b><u>Monday</u></b>	Review	STUDY!
<b><u>Tuesday</u></b>	UNIT ZERO TEST!	NONE!
<b><u>Wednesday</u></b>	NO CLASS	
<b><u>Thursday</u></b>	KINETIC MOLECULAR THEORY	UNIT 1; HOMEWORK #1
<b><u>Friday</u></b>	NATURE OF GASES LAB	UNIT 2; HOMEWORK #2

**Tests/Due Dates:**

**UNIT 0 TEST on TUESDAY, SEPTEMBER 27!!!**
