Dear Parents,

The students did well with their review of sight words last Friday. They are even recognizing them in the story books. Please make learning the sight words fun! You can make two sets of flash cards if necessary. Turn over the cards and play a memory match game. Please don't forget to give them praise as they learn. We will be sending home a copy of the first 25 basic sight words that we are striving to learn this school year. Thanks for your support!
